

WEB VAPT EVIDENCE FILE DOCUMENTATION - INDEX

Evidence-specific PDF pack with actual screenshots embedded

This index lists every evidence-specific PDF created for the Web VAPT Evidence-Based Testing Summary. Each document contains the actual screenshot, explanation, methodology placement, command/workflow, risk interpretation, remediation, and redaction guidance.

#	Evidence File	Result Type	PDF Filename
01	01-kali-linux-desktop-full-screen.png	Lab setup proof	01_01-kali-linux-desktop-full-screen_evidence_documentation.pdf
02	02-docker-containers-running.png	Target running proof	02_02-docker-containers-running_evidence_documentation.pdf
03	03-dvwa-login-page-browser.png	Application availability proof	03_03-dvwa-login-page-browser_evidence_documentation.pdf
04	04-tools-installed-version-check.png	Tools installed	04_04-tools-installed-version-check_evidence_documentation.pdf
05	05-nmap-full-port-scan-output.png	Service discovery	05_05-nmap-full-port-scan-output_evidence_documentation.pdf
06	06-gobuster-directory-results.png	Directory discovery	06_06-gobuster-directory-results_evidence_documentation.pdf
07	06-gobuster-directory-results(M).png	Enumeration evidence	07_06-gobuster-directory-resultsm_evidence_documentation.pdf
08	07-nikto-scan-findings.png	Vulnerability scan output	08_07-nikto-scan-findings_evidence_documentation.pdf
09	07-john-md5-hashes-cracked.png	Hash cracking evidence	09_07-john-md5-hashes-cracked_evidence_documentation.pdf
10	08-whatweb-tech-fingerprint-p1.png	Technology fingerprinting	10_08-whatweb-tech-fingerprint-p1_evidence_documentation.pdf
11	08-whatweb-tech-fingerprint-p2.png	Technology fingerprinting	11_08-whatweb-tech-fingerprint-p2_evidence_documentation.pdf
12	08-whatweb-tech-fingerprint-p3.png	Technology fingerprinting	12_08-whatweb-tech-fingerprint-p3_evidence_documentation.pdf
13	08-whatweb-tech-fingerprint-p4.png	Technology fingerprinting	13_08-whatweb-tech-fingerprint-p4_evidence_documentation.pdf
14	09-dvwa-sqli-vulnerable-input-response.png	Manual SQLi validation	14_09-dvwa-sqli-vulnerable-input-response_evidence_documentation.pdf
15	09-recon-report-files-generated.png	Report/output generation	15_09-recon-report-files-generated_evidence_documentation.pdf
16	10-sqlmap-database-enumeration.png	Database enumeration	16_10-sqlmap-database-enumeration_evidence_documentation.pdf

17	11-sqlmap-users-table-dump.png	Users table dump	17_11-sqlmap-users-table-dump_evidence_documentation.pdf
18	13-burp-intercepted-request.png	Request capture	18_13-burp-intercepted-request_evidence_documentation.pdf
19	14-burp-repeater-modified-request-response.png	Manual request modification	19_14-burp-repeater-modified-request-response_evidence_documentation.pdf
20	15-reflected-xss-alert-popup.png	XSS validation	20_15-reflected-xss-alert-popup_evidence_documentation.pdf
21	15-reflected-xss-alert-popup-p2.png	XSS validation	21_15-reflected-xss-alert-popup-p2_evidence_documentation.pdf
22	16-stored-xss-payload-source.png	Stored payload evidence	22_16-stored-xss-payload-source_evidence_documentation.pdf
23	17-command-injection-id-whoami-output.png	OS command execution proof	23_17-command-injection-id-whoami-output_evidence_documentation.pdf
24	18-file-upload-webshell-confirmed-p1.png	Webshell/upload validation	24_18-file-upload-webshell-confirmed-p1_evidence_documentation.pdf
25	18-file-upload-webshell-confirmed-p2.png	Webshell/upload validation	25_18-file-upload-webshell-confirmed-p2_evidence_documentation.pdf
26	19-csrf-forged-request-proof.png	Forged request proof	26_19-csrf-forged-request-proof_evidence_documentation.pdf
27	Passive-Recon-p1.png	Recon evidence	27_passive-recon-p1_evidence_documentation.pdf
28	Passive-Recon-p2.png	Recon evidence	28_passive-recon-p2_evidence_documentation.pdf
29	Passive-Recon-p3.png	Recon evidence	29_passive-recon-p3_evidence_documentation.pdf
30	Directory-&-File-Enumeration-with-Gobuster.png	Enumeration summary	30_directory-and-file-enumeration-with-gobuster_evidence_documentation.pdf
31	installed.png	Setup evidence	31_installed_evidence_documentation.pdf
